

# Hotels in Golf Courses

In the Region of Murcia golf can be played all year round. An ideal environment, with over 300 days of sunshine a year and an average temperature of 19°C, where the best green shots can be enjoyed next to the sea.

The Region of Murcia has 18 top level courses in a 35-km radius, allowing professionals and amateurs to enjoy their favorite sport. A unique experience to enjoy average temperatures of 19° C just a shot away from the Med.

Jack Nicklaus, Dave Thomas and Seve Ballesteros are some of the professionals whose skills as players and creators have contributed to the design and architecture of these golf courses.

It is estimated that some 150,000 tourists travel to our region yearly to play golf, accounting for 2.7% of all tourists. The average daily expenditure was €135. These figures place golf tourists second after business tourists in terms of vacation expenditure. Aggregate golf tourism expenditure in the Region of Murcia every year amounts to more than €260 million.
